MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Steel occupies a prominent place in Indian manufacturing sectors. Indian Steel Industry has been riding high on the resurgent economy and rising demand for steel. World Steel Association has projected Indian steel demand to grow by 7.1% in 2019. Per capita finished steel consumption in 2018 was 224.5 kg for world and for India was 70.9 kg in 2018.

Government has released the National Steel Policy 2017, which has laid down the broad road map for encouraging long term growth for the Indian steel industry, both on demand and supply sides, by 2030-31. The Government has also announced a policy for providing preference to domestically manufactured Iron & Steel products in Government procurement.(Source: Ministry of Steel.) Kanishk Steel is a largest steel manufacturer in South India since 1989. The manufacturing unitis situate at Gummidipoondi in the state of Tamil Nadu and the unit comprises furnace unit and rolling mill producing various front-line rolled steel products. The brand name KANISHK STEELS remain deserved for its quality, price, and delivery in Indian Steel Market. The company has been consistent in focused improvements in quality of its products during the year and be moving ahead with the right market strategy. The opportunities and threats are briefly provided below:

The factors like fluctuating volatile raw materials prices, regional demand & supply imbalances, and INR Value against global currencies, high cost of power may hamper the steel industry's production level. Cheap import of steels products from neighbouring countries make the market highly competitive. This may improve in future.

Steel Demand of steel is expected to rise in future with economic and Industrial growth. Growing infrastructure like roads and highways, railways, aviation, shipping, energy, power or oil & gas will boost the demand for specialized steel and the Company's growth seems better in the future with economic and Industrial growth.

INDEPENDENT AUDITORS' REPORT

To the Members of Kanishk Steel Industries Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Kanishk Steel Industries Limited (the 'Company'), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the afore said financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act of the state of affairs of the Company as at March 31, 2022, and its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Financial Statements section of our report, including in relation to these matters. Accordingly our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Financial Statements :

Key audit matters	How the matter was addressed in our audit
Verification of Inventory and Valuation there of The total inventory of the Companyamounting to ₹6,252.71 Lakhs (as on March 31, 2022) forms about 44.83% of the total assets of the Company.This includes bulk materials such as MS Scrap, Billets, Steel Scrap, etc. which are susceptible to handling loss, spillage etc. and determination of the same requires estimation based on experience and technical expertise.	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of determination of year-end inventory and valuation thereof include the following: • We have applied alternative methods of verification for arriving at Inventories as at the year-end by applying roll back principles and carrying out relevant adjustments for receipt and issues. Materiality for variations, discrepancies after considering the reasonable allowance for volumetric measurement were duly adjusted with respect to subsequent move ments and discrepancies and adjustments pursuant to last such verification carried out. • While necessary review and other corroborative evidences were obtained and verified, professional expert's report and conclusions drawn by them on the matter • We have verified the adjustments made for receipt and consumption to arrive at the physical stock as on March 31, 2022; and • We examined the valuation process / methodology and checks being performed at multiple levels to ensure that the valuation is consistent with and as per the policy followed in this respect.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance (or) conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements and those charged with governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial statementsthat give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify andassess the risksof material misstatement of the Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of areasonably knowledgeable user of the financial statementsmay be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of theFinancial Statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.

e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act;

f) with respect to the adequacy of the internal financial controls over financial reporting of the company with reference these Financial statements and the operating effectiveness of such controls, refer to our report as per "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal control with reference to financial statements.

g) In our opinion, the managerial remuneration for the year ended March 31, 2022 has been paid/ provided by the company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

h) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company has disclosed the impact of pending litigations on its financial position in its Financial statements– Refer Note 33 to the Financial statements

   ii. the Company has made provision, as required under the applicable law or Ind AS, for material fore see able losses, if any, on long-term contracts including derivative contracts;

   iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2022;

   iv. a) The Management has represented that to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries;

   b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the

Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b), contain any material misstatement.

v. During the year the Company has not paid or declared dividend, accordingly compliance of provisions of section 123 are not applicable.

Annexure B to the Independent Auditor's Report of even date to the members of Kanishk Steel Industries Limited, on the Financial Statements for the year ended March 31,2022

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting (IFCoFR) of Kanishk Steel Industries Limited (the "Company") as of that date in conjunction with our audit of the Financial Statements of the Company for the year ended March 31,2022.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and Standards on Auditing, as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of IFCoFR and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR with reference to these financial statements and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, with reference to these financial statements,assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these financial statements

A Company's IFCoFR with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's IFCoFR with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these financial statements

Because of the inherent limitations of IFCoFR with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR with reference to these FinancialStatements to future periods are subject to the risk that IFCoFR with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statementsand such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

KANISHK STEEL INDUSTRIES LIMITED
NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31,2022

1. Corporate Information

Kanishk Steel Industries Limited ("the Company"),is a Company incorporated under the provisions of Companies Act,1956, in the year 1989,having its registered office at B27M, SIPCOT Industrial Complex, Gummidipoondi, Thiruvallur District-601201, Tamilnaduengaged in the manufacture and supply of Iron and Steel Products. The Company's shares are listed on the Bombay Stock Exchange Limited and the shares are traded regularly.

2. Statement of Compliance

The financial statement have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act").

The Company has complied with Ind AS issued, notified and made effective till the date of authorisation of the financial statements. Accounting Policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

These financial statements are approved for issue by the Board of Directors on May 27, 2022.

The financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest two decimal lakhs, except otherwise stated.

3. Application of New Accounting Pronouncements effective from April 01, 2022:

On March 24, 2021, the MCA through a notification amended Schedule III of the Companies Act, 2013. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Current maturities of long-term borrowings should be disclosed separately within borrowings instead of earlier disclosure requirement under Other Financial Liabilities.
- Certain additional disclosures in the statement of changes in equity due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- Additional disclosures relating to Corporate Social Responsibility, undisclosed income and crypto or virtual currency.

- Disclosure of specified ratios along with explanation for items included in numerator and denominator and explanation for change in any ratio is excess of 25% compared to preceding year.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel and related parties and details of benami property held.

a) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 — Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 — Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognize such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 - Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 - Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent test ofInd AS 109 in assessing whether to derecognize a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 106 - Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

b) Other Amendments:

- Ind AS 1 Presentation of Financial Statements - Substitution of the definition of term 'Material'.The term 'financial asset' has been replaced with 'financial instruments'.
- Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors - In order to maintain consistency with Ind AS 114, the respective changes have been made to Ind AS 8 also.
- Ind AS 10 Events after the Reporting Period - Clarification on the disclosures requirements to be made in case of a material non- adjusting event.
- Ind AS 16 Property Plant & Equipment - Substitution of the words "Recoverable amount is the higher of an asset's fair value less costs to sell and its value in use" with "Recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use".
- Ind AS 34 Interim Financial Reporting - In order to maintain consistency with the amendments made in other Ind AS, respective changes have been made to Ind AS 34.
- Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets - Clarification on the accounting treatment for restructuring plans.
- Ind AS 102 Share Based Payments defining the term 'Equity Instrument'.
- Ind AS 103 Business Combination - Detailed guidance on term 'Business' and 'Business Combination' along with providing an Optional test to identify concentration of Fair Value. Substitution of the definition of 'assets' and 'liabilities' in accordance with the definition given in the framework for the Preparation and Presentation of Financial Statements in accordance with Ind AS for qualifying the recognition criteria as per acquisition method.
- Ind AS 104 -Insurance Contracts-insertion of certain paragraphs in the standard in order to maintain consistency with IFRS 4 and also incorporates the guidance on accounting treatment for amendments due to Interest Rate Benchmark Reform.
- Ind AS 105 Non-current assets held for sale and discontinued operations - substitution of the definition of "fair value less costs to sell" with "fair value less costs of disposal".
- Ind AS 107 Financial Instruments: Disclosures - Clarification on certain disclosures to be made in respect of uncertainty arising from interest rate benchmark reforms.
- Ind AS 109 Financial Instruments - Clarification on temporary exceptions from applying specific hedge accounting requirements along with providing guidance on transition for hedge accounting. Practical expedient for assessment of contractual cash flow test, which is one of the criteria for being eligible to measure a financial asset at amortized cost, for the changes in the financial assets that may arise as a result of Interest Rate Benchmark Reform.

- Ind AS 116 Leases - Clarification on whether rent concessions as a direct consequence of COVID- 19 pandemic can be accounted as lease modification or not.

These amendments are applicable from April 1, 2022. As per management these amendments are likely to have no significant impact on the standalone financial statements of the Company

4. Significant Accounting Policies:

Basis of Preparation and presentation of Financial Statements

The standalone financial statements are prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in accounting policies below.

All the assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013. Having regard to the nature of business being carried out by the Company, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification. The functional currency of the Company is determined as the currency of the primary economic environment in which it operates.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.

Level 3: inputs for the asset or liability which are not based on observable market data.

The company has an established control framework with respect to the measurement of fair values. This includes a finance team headed by Chief Financial Officer who has overall responsibility for overseeing all significant fair value measurements who regularly reviews significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below.

a. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, Plant and Equipment are stated at cost of acquisition, construction and subsequent improvements thereto less accumulated depreciation and impairment losses, if any. For this purpose cost include deemed cost on the date of transition and comprises purchase price of assets or its construction cost including duties and taxes (net of cenvat/ GST availed), inward freight and other expenses related to acquisition or installation and adjustment for exchange differences wherever applicable and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use. For major projects, interest and other costs incurred on / related to borrowings attributable to such projects or fixed assets during construction period and related developmental expenses are capitalized. Parts of an item of PPE having different useful lives and material value and subsequent expenditure on PPE arising on account of capital improvement or other factors are accounted for as separate components. The cost of replacing part of an item of PPE is recognised in the carrying amount of the item if it is probable that the future economicbenefits embodied within the part will flow to the Company and itscost can be measured reliably. The costs of the day-to-day servicingof property, plant and equipment are recognised in the incomestatement when incurred. Assets to be disposed of are reported atthe lower of the carrying value or the fair value less cost to sell.

The company's lease Landhas been separately shown under PPE as Right of Use(ROU) Assets.Capital Work-in-progress includes developmental expenses,equipment to be installed, construction and erection materialsetc. Such costs are added to related PPE and are classified to theappropriate categories when completed and ready for intended use.

b. Intangible assets

Patents, trademarks and software costs are included in the balance sheet as intangible assets when it is probable thatassociated future economic benefits would flow to the Company. In this case they are measured initially at purchase cost and then amortized on a straight-line basis over their estimated useful lives. All other costs on patents, trademarksand software are expensed in the statement of profit and loss as and when incurred.

Expenditure on research activities is recognized as an expense in the period in which it is incurred. Costs incurred on individual development projects are recognized as intangible assets from the date when all of the following conditions are met:

a. Completion of the development is technically feasible.

b. It is the intention to complete the intangible asset anduse or sell it.

c. Ability to use or sell the intangible asset.

d. It is clear that the intangible asset will generate probable future economic benefits.

e. Adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available.

f. It is possible to reliably measure the expenditure attributable to the intangible asset during its development.

Recognition of costs as an asset is ceased when the project is complete and available for its intended use, or if these criteria are no longer applicable.

Where development activities do not meet the conditions for recognition as an asset, any associated expenditure is treated as an expense in the period in which it is incurred.

Subsequent to initial recognition, intangible assets with definite useful lives are reported at cost or deemed cost applied on transition to Ind AS, less accumulated amortization and accumulated impairment losses.

Cost of computer software packages including directly attributable cost, if any, acquired for internal use, is allocated / amortized over a period of 3 years (being estimated useful life thereof) on Straight line method.

c. LEASES

The Company's lease asset classes primarily consist of Lease hold land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii)the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options considered for arriving at ROU and lease liability when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment, whether it will exercise an extension or a termination option.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The company has taken land on long term lease. There are no commitment towards monthly/ yearly lease payments accordingly lease liability and its corresponding disclosures does not arise.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount(i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

d. Depreciation and amortization of property, plant and equipment and intangible assets

Depreciation or amortization is provided so as to write off, on a straight-line basis, the cost/deemed cost of property, plant and equipment and intangible assets, including those held under finance leases to their residual value. These charges are commenced from the dates the assets are available for their intended use and are spread over their estimated useful economic lives or, in the case of leased assets, over the lease period, if shorter. The estimated useful lives of assets, residual values and depreciation method are reviewed regularly and, when necessary, revised.

Depreciation on assets under construction commences only when the assets are ready for their intended use. The estimated useful lives for main categories of property, plant and equipment and intangible assets are:

Category	Useful life(Years)
Factory Building	30
Plant & Machinery	8 - 20
Electrical installation	10
Furniture and fixtures	10
Vehicles	8
Crane	20
Office equipment	5

Land and building held for use in the production or for administrative purposes are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Right-of-use assets (ROU) are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Capital work in progress includes machinery to be installed, construction and erection materials and unallocated pre-operative expenditure consisting of costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The cost of replacing part of an item of property, plant and equipment or subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components. The costs of the day-to-day servicing of property, plant and equipment are recognized in the income statement when incurred. Assets to be disposed of are reported at the lower of the carrying value or the fair value less cost to sell.

Assets values up to 5,000 are fully depreciated in the year of acquisition.

Depreciation methods, useful lives and residual values are reviewed, and adjusted as appropriate, at each reporting date.

e. Impairment

At each balance sheet date, the Company reviews the carrying value of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss, if any. Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-taxdiscount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognized in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognized or the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized in the statement of profit and loss immediately.

f. DERECOGNITION OF TANGIBLE AND INTANGIBLE ASSETS

An item of PPE/Intangible Assets is de-recognized upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

g. IMPAIRMENT OF TANGIBLE AND INTANGIBLE ASSETS

Tangible, Intangible assets and ROU Assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets' fair value less cost to disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years that reflects current market assessments of the time value of money and the risk specific to the asset.

h. FINANCIAL ASSETS AND LIABILITIES

Financial assets and financial liabilities (financial instruments) are recognized when Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

The financial assets and financial liabilities are classified as current if they are expected to be realized or settled within operating cycle of the company or otherwise these are classified as noncurrent.

The classification of financial instruments whether to be measured at Amortized Cost, at Fair Value Through Profit and Loss (FVTPL) or at Fair Value Through Other Comprehensive Income (FVTOCI) depends on the objective and contractual terms to which they relate. Classification of financial instruments is determined on initial recognition.

i. Cash and cash equivalents

All highly liquid financial instruments, which are readily convertible into determinable amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

ii. Financial Assets and Financial Liabilities measured at amortized cost

Financial Assets held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost. The above Financial Assets and Financial Liabilities subsequent to initial recognition are measured at amortized cost using Effective Interest Rate (EIR) method. The effective interest rate is the rate that discounts estimated future cash payments or receipts (including all fees, transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability

iii. Financial Asset at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent to initial recognition, they are measured at fair value and changes therein are recognized directly in other comprehensive income.

iv. For the purpose of para (ii) and (iii) above, principal is the fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk.

v. Financial Assets or Liabilities at Fair value through profit or loss

Financial Instruments which do not meet the criteria of amortized cost or fair value through other comprehensive income are classified as Fair Value through Profit or loss. These are recognized at fair value and changes therein are recognized in the statement of profit and loss.

vi. Derivatives and Hedge Accounting

The company enters into derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in foreign exchange rates in respect of financial instruments and forecasted cash flows denominated in certain foreign currencies. The Company uses hedging instruments which provide principles on the use of such financial derivatives consistent with the risk management strategy of the Company. The hedge instruments are designated and documented as hedges and effectiveness of hedge instruments is assessed and measured at inception and on an ongoing basis to reduce the risk associated with the exposure being hedged.

Any derivative that is either not designated as a hedge, or is so designated but is ineffective as per Ind AS 109 “Financial Instruments”, is categorized as a financial asset/liability, at fair value through profit or loss. Transaction costs attributable to the same are also recognized in statement of profit and loss.

Changes in the fair value of the derivative hedging instrument designated as a fair value hedge are recognized in the statement of profit and loss. Changes in the fair value of the derivative hedging instrument designated as a cash flow hedge are recognized in other comprehensive income and presented within equity as cash flow hedging reserve to the extent that the hedge is effective.

edging instrument which no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, then hedge accounting is discontinued prospectively. Any gain or loss recognised in other comprehensive income and accumulated in equity remains therein till that time and thereafter to the extent hedge accounting being discontinued is recognised in Statement of Profit and Loss. When a forecasted transaction is no longer expected to occur, the cumulative gain or loss accumulated in equity is transferred to the statement of profit and loss

vii. Impairment of financial assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. The company measures the loss allowance for financial assets at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. In case of trade receivables or contract assets that result in relation to revenue from contracts with customers, the company measures the loss allowance at an amount equal to lifetime expected credit losses.

viii. De-recognition of financial instruments

The Company derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable are recognized in statement of profit and loss.

On de-recognition of assets measured at FVTOCI the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to statement of profit and loss as a reclassification adjustment.

Financial liabilities are derecognized if the Company's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in statement of profit and loss.

i. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

j. Cash and cash equivalents

All highly liquid financial instruments, which are readily convertible into determinable amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

k. INVENTORIES

i. Inventories are valued at lower of the cost or net realizable value. Cost of inventories is ascertained on 'weighted average' basis. Materials and her supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

ii. Cost in respect of raw materials and stores and spares includes expenses incidental to procurement of the same. Cost of finished goods and those under progress represents raw material cost plus costs of conversion, comprising labour costs and an attributable proportion of manufacturing overheads based on normal levels of activity.

iii. Cost in respect of work in progress represents cost incurred up to the stage of completion.

iv. By-Products are valued at net realizable value

v. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

l. FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are translated into the functional currency at the exchange rates prevailing on the date of the transactions. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transactions during the year are recognized as income or expense in the profit and loss account. Foreign exchange gain/loss to the extent considered as an adjustment to Interest Cost are considered as part of borrowing cost.

m. EQUITY SHARE CAPITAL

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities Premium. Costs directly attributable to the issue of ordinary shares are recognized as a deduction from equity, net of any tax effects

n. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognized for future operating losses. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities is not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future

events not wholly within the control of the Company or when there is a present obligation is not recognised where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount payable in this respect cannot be made.

Contingent Assets are not recognised but disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

o. Employee Benefits

Employee benefits are accrued in the year in which services are rendered by the employees. Short term employee benefits are recognized as an expense in the statement of profit and loss for the year in which the related service is rendered. Contribution to defined contribution plans such as Provident Fund etc., is being made in accordance with statute and are recognised as and when incurred. Contribution to defined benefit plans consisting of contribution to gratuity are determined at close of the year at present value of the amount payable using actuarial valuation techniques. Actuarial gain and losses arising from experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income. Other long term employee benefits consisting of Leave Encashment are determined at close of the year at present value of the amount payable using actuarial valuation techniques. The changes in the amount payable including actuarial gain/loss are recognised in the Statement of profit and loss.

p. RevenueRecognition

The Company manufactures and sells Iron and Steel Products.

Sale of products

Revenue from sale of products is recognized when control of theproducts has transferred, being when the products are deliveredto the customer. Delivery occurs when the products have beenshipped or delivered to the specific location as the case may be,the risks of loss has been transferred, and either the customerhas accepted the products in accordance with the sales contract,or the Company has objective evidence that all criteria foracceptance have been satisfied. Sale of products includes relatedancillary services, if any.

Revenue is measured at the fair value of the consideration received or receivable net of returns, claims and discounts to customers. Goods and Service Tax (GST) and such other taxes collected on behalf of third party not being economic benefits flowing to the Company are excluded from revenue.

The Company provides warranties for defects, replacement etc. that existed at the time of sale based on historical trend and records.

Interest, Dividend and Claims

Dividend income is recognized when the right to receivepayment is established. Interest has been accountedusing effective interest rate method. Insurance claims/other claims are accounted as and when admitted /settled.

q. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their

intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

Investment income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is recognized in the statement of profit and loss.

Discounts or premiums and expenses on the issue of debt securities are amortized over the term of the related securities and included within borrowing costs. Premiums payable on early redemptions of debt securities, in lieu of future finance costs, are recognized as borrowing costs.

All other borrowing costs are recognized as expenses in the period in which it is incurred.

r. TAXES ON INCOME

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the income statement except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current income tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences with respect to carry forward of unused tax credits and any unused tax losses/depreciation to the extent that it is probable that taxable profits will be available against which these can be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets include Minimum Alternative Tax (MAT) measured in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability and such benefits can be measured reliably and it is probable that the future economic benefit associated with asset will be realized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

s. Earnings per share

Basic earnings per share is computed by dividing profit or loss for the year attributable to equity holders by the weighted average number of shares outstanding during the year. Partly paid-up shares are included as fully paid equivalents according to thefraction paid up.

Diluted earnings per share are computed using the weighted average number of shares and dilutive potential shares except where the result would be anti-dilutive.

t. SEGMENT REPORTING

Operating segments are identified and reported taking into account the different risk and return, organisation structure and the internal reporting provided to the chief-operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Segment manager who allocates resources and assess the operating activities, financial results, forecasts, or plans for the segment.

5. CRITICAL ACCOUNTING ESTIMATES, JUDGMENTS AND ASSUMPTIONS

The preparation of the financial statements in conformity with measurement principle of Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the financial statements have been disclosed below. The key assumptions concerning the future and other key sources of estimation/assumptions at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities and related revenue impact within the next financial year are discussed below:

a) Estimation of uncertainties relating to the global health pandemic from COVID-19

The Company has taken into account all the possible impacts of COVID-19 in preparation of these financial statements, including but not limited to its assessment of, liquidity and going concern assumption, recoverable values of its financial and non-financial assets, , impact on leases. The Company has carried out this assessment based on available internal and external sources of information upto the date of approval of these financial statements and the consequences of the COVID-19 pandemic continued to impact businesses. However, the economic consequences of the COVID-19 pandemic, which had a negative effect on company activities in the 2020-21 financial year, have to a large extent dissipated in 2021-22 financial year.

b) Depreciation/amortization and impairment loss against property, plant and equipment /intangible assets.

Property, plant and equipment, ROU Assets and Intangible Assets are depreciated/ amortized on straight-line basis over the estimated useful lives (or lease term if shorter) taking into account the estimated residual value, wherever applicable. The company reviews its carrying value of its Tangible and Intangible Assets whenever there is objective evidence that the assets are impaired. The required level of impairment losses to be made is estimated by reference to the estimated value in use or recoverable amount. In such situation Assets' recoverable amount is estimated which is higher of asset's or cash generating units (CGU) fair

value less cost of disposal and its value in use. In assessing value in use the estimated future cash flows are discounted using pre-tax discount rate which reflect the current assessment of time value of money. In determining fair value less cost of disposal, recent market realisations are considered or otherwise in absence of such transactions appropriate valuations are adopted. The Company reviews the estimated useful lives and residual life of the assets regularly in order to determine the amount of depreciation / amortization and also amount of impairment expense to be recorded and/or to be reversed during any reporting period. Subsequent reassessment or review may result in change of estimates in future periods.

c) Arrangement contain leases and classification of leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any option to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the company's operations taking into account among other things, the location of the underlying asset and the availability of suitable alternatives. The lease terms and impact thereof are reassessed in each year to ensure that the lease term reflects the current economic circumstances.

d) Impairment loss on trade receivables

The Company evaluates whether there is any objective evidence that trade receivables are impaired and determines the amount of impairment loss as a result of the inability of the debtors to make required payments. The Company bases the estimates on the ageing of the trade receivables balance, credit-worthiness of the trade receivables and historical write-off experience.

e) Defined Benefit Obligations (DBO)

Critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

f) Provisions and Contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

Management uses in-house and external legal professional to make judgment for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations/ against the Company as it is not possible to predict the outcome of pending matters with accuracy.

The carrying amounts of provisions and liabilities and estimation for contingencies are reviewed regularly and revised to taking into account changing facts and circumstances.

32. Employee Benefits:

I. Defined contribution plans

The Company participates in a number of defined contribution plans on behalf of relevant personnel. Any expense recognized in relation to these schemes represents the value of contributions payable during the period by the Company at rates specified by the rules of those plans. The only amounts included in the balance sheet are those relating to the prior months contributions that were not due to be paid until after the end of the reporting period. The major defined contribution plans operated by theCompany are as below:

(a) Provident and pension

The Company provides provident fund benefits for eligible employees as per applicable regulations wherein both employees and the Company make monthly contributions at a specified percentage of the eligible employee's salary. Contributions under such schemes are made either to a provident fund set up as an irrevocable trust by the Company to manage the investments and distribute the amounts entitled to employees or to state managed funds.

Benefits provided under plans wherein contributions are made to state managed funds and the Company does not have a future obligation to make good shortfall if any, is treated as a defined contribution plan

(b) Gratuity

Contributions under the scheme for defined benefit plan under the Payment of Gratuity Act, 1972, is determined on the basis of actuarial valuation recognized as year's expenditure. Actuarial gain and losses arising from experience adjustments and changes in actuarial

assumptions are recognized in other comprehensive income. Other costs recognized in the Statement of Profit or Loss.

II. Defined benefit obligation(DBO):

Critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose/ Management. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Trade Payables	2,003.27	1,813.33
Other Current Financial Liabilities	417.99	428.70

(b) Fair Valuation Techniques

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

i. The fair value of cash and cash equivalents, trade receivables, trade payables, current financial liabilities and borrowings approximate their carrying amount largely due to the short-term nature of these instruments. The Board considers that the carrying amounts of financial assets and financial liabilities recognized in the financial statement approximate their fair value.

ii. Long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Fair value of variable interest rate borrowings approximates their carrying value of such long-term debt approximates fair value subject to adjustments made for transaction cost.

iii. The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc. These derivatives are estimated by using the pricing models, where the inputs to those models are based on readily observable market parameters basis contractual terms, period to maturity, and maturity parameters such as foreign exchange rates and volatility. These models do not contain a high level of subjectivity as the valuation techniques used do not require significant judgement, and inputs thereto are readily observable from actively quoted market prices. Management has evaluated the credit and a non-performance risk associated with the counterparties and believes them to be insignificant and not requiring any credit adjustments.

(c) Fair value hierarchy

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

Particulars	As of 31st March 2022 (-)	Fair value measurements at reporting date using		
		Level 1	Level 2	Level 3
Assets:				
Investments in Quoted Equity Instruments	1,558.70 (190.39)	1,558.70 (190.39)	- -	- -
Security Deposits	249.75 (267.93)	- -	- -	249.75 (267.93)
Fixed Deposits and Margin Money	226.94 (186.15)	- -	226.94 (186.15)	- -
Liabilities :	-	-	-	-
Derivative Instruments	-	-	-	-

Figures in round brackets ( ) indicate figures as on March 31, 2021

During the year ended March 31, 2022 and March 31, 2021, there were no transfers between Level 1 and Level 2 fair value measurements. There is no transaction / balance under level 3.

The fair value of liquid mutual funds is based on quoted price.

Derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace. The inputs used under level II market valuation technique for forward contracts are Forward foreign currency exchange rates and Interest rates to discount future cash flow.

37. Derivatives assets and liabilities:

The Company follows established risk management policies, including the use of derivatives to hedge its exposure to foreign currency fluctuations on foreign currency assets / liabilities. The counter party in these derivative instruments is a bank and the Company considers the risks of non-performance by the counterparty as non-material. The following table presents the aggregate contracted principal amounts of the Company's derivative contracts outstanding:

(a) Category wise outstanding derivatives contracts entered for hedging as on 31st March 2022: Nil

(b) Unhedged Foreign Currency exposures as on March 31, 2022 are as follows: -

Nature	Currency	Amount in Foreign Currency	
		As of 31-03-22	As of 31-03-21

(c) Financial risk management

Financial Risk Factors

The company's activities expose it to a variety of financial risks – Market risk, Credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance. The primary market risk to the company is foreign exchange risk. The company uses derivative financial instruments to mitigate foreign exchange related risk exposures. The company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers. The Company is exposed to market risk, credit risk and liquidity risk. The

Company's senior management oversees the management of these risks. The risks are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and approves policies for managing each of these risks, which are summarized below:

i. Market Risk

Financial instruments affected by market risk includes borrowings, investments and derivative financial instruments.

ii. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's foreign currency denominated borrowing.

As per the hedging policy of the Company, all foreign currency exposures that are due in the next 12 months are either hedged or based on the technical assessment of foreign currency movement against the INR and the premium charged for the hedging, the same might be left un-hedged so as to avail maximum financial benefit to the company. The carrying amount of the Non-Derivative financial instruments in foreign currency as of the end of the reporting period is Nil (Previous year Nil)

The company is principally exposed to foreign currency risk against USD. Sensitivity of profit or loss arises mainly from USD denominated receivables and payables are as follows:

Sensitivity at year end for March 31, 2022

Particulars	Impact on profit after tax	Impact on other components of equity
Payable INR	480.38	-

Summary of exchange difference accounted in Statement of Profit and Loss

Fluctuation	2021-22	2020-21
Net (gain)/losses on Currency fluctuation shown as Other Income: Net foreign exchange	9.90	90.69

iii. Commodity price risk

The company uses scrap metals which exposes it to be price risk on account of procurement of commodities. The management monitors commodities / raw materials whose prices are volatile and suitable steps are taken accordingly to minimise the risk on the same. The company enter into contract for procurement of material, most of the transactions are short term fixed price contract and a few transactions are long term fixed price contracts.

iv. Interest rate risk

Interest rate risk primarily arises from floating rate borrowing with banks and financial institutions. As of March 31, 2022, substantially all of the Company borrowings were subject to floating interest rates, which are reset at short intervals.

v. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). To manage this, the management has a credit policy in place and the exposure to credit risk is monitored on an on-going basis. The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables. Receivables from customers are reviewed/evaluated periodically by the management and appropriate provisions are made to the extent recovery there against has been considered to be remote.

The carrying amount of respective financial assets recognized in the financial statements, (net of impairment losses) represents the Company's maximum exposure to credit risk.

The Company is exposed to credit risk from its operating activities (primarily trade receivables). The Company generally deals with parties which have good credit rating / worthiness given by external rating agencies or based on Company's internal assessment as listed below:

	31st March 2022	31st March 2021
Trade Receivables	1,195.60	1,787.54

Financial assets that are neither past due nor impaired

Cash and cash equivalents, investment and deposits with banks are neither past due nor impaired. Cash and cash equivalents with banks are held with reputed and credit worthy banking institutions.

vi. Counter-party risk

Counterparty risk encompasses settlement risk on derivative and money market contracts and credit risk on demand and time deposits. Settlement and credit risk is reduced by the policy of entering transactions with counterparties that are usually banks or financial institutions with acceptable credit ratings. Exposure to these risks are closely monitored and maintained within predetermined parameters. There are limits on credit exposure to any financial institution. The limits are regularly assessed and determined based upon credit analysis including financial statements and capital adequacy ratio reviews. In addition, net settlement agreements are contracted with significant counterparties.

vii. Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The Company monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Company's operations and to mitigate the effects of fluctuations in cash flows.

The company relies on mix of borrowings, capital infusion and excess operating cash flows to meet its need for funds. The current committed limits are sufficient to meet its short and medium-term requirements. The company ensures that it does not breach any financial covenants stipulated by the lender. In the event of breach of covenants the Company may be liable to pay additional interest. The Company also ensures that it has sufficient cash on demand to meet expected operational expenses. As of March 31, 2022, the cash and cash equivalents are held with major banks.

38. Capital Management:

The primary objective of the Company's capital management is to ensure that it maintains a healthy capital ratio in order to support its business and maximise shareholder value. The Company's objective when managing capital is to safeguard their ability to continue as a going concern so that they can continue to provide returns for shareholders and benefits for other stake holders. The Company focused on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would thereby permit the banks/financial institutions to immediately call loans and borrowings. The Company has complied with these covenants and there have been no breaches in the financial covenants of any interest-bearing loans and borrowings in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and March 31, 2021.

The Company's audit committee reviews the capital structure of the Company on periodic basis. As part of this review, the committee considers the cost of capital and the risks associated with the same.

The company also monitors capital using gearing ratio which is net debt divided by total capital. The gearing ratios as at 31st March, 2022 and 31st March, 2021 are as follows:

(Rs. in Lakhs)

Particulars	As at 31-03 2022	As at 31-03 2021
